

GRADUATE DIPLOMA IN MANAGEMENT

July 2026

GDM 604: Financial Principles and Techniques

(Batch 86)

Assessment Brief

Qualification	ATHE Level 6 Graduate Diploma in Management
Assignment Title	Purpose of Financial and Management Accounting
Module Leader	Ushira Welikala <i>BSc</i>
Issued Date	08 July 2026
Submission Date & Time	1 August 2026 – 2:00 pm

Learning Outcomes

By the end of this unit, learners will be able to:

LO1: Understand the purpose and basis for financial reporting and management accounting.

Overview of the Assessment

The module (unit) consists of four learning outcomes and this assessment is set to achieve the learning outcome 1.

Scenario: Financial Reporting Purpose, Standards, Regulatory Frameworks and Management Accounting Information

Corporate financial statements and their related disclosures are fundamental to sound investment decision making. The well-being of the world's financial markets, and of the millions of investors who entrust their financial present and future to those markets, depend directly on the information financial statements and disclosures provide. Consequently, the quality of the information drives global financial markets. The quality, in turn, depends directly on the principles and standards managers apply when recognising and measuring the economic activities and events affecting the companies' operations.

Task: Report on the purpose of financial and management accounting

You are expected to prepare a report for a chosen organisation in Sri Lanka (a company which has registered in the Colombo Stock Exchange) for the Board of Directors, explaining the use of Financial Reporting: Purpose, Standards, Regulatory Frameworks and management of accounting information.

Your report should include:

1. Governance of Financial Reporting and Regulatory Frameworks.
2. Purposes of Financial Reporting (different stakeholder needs & expectations) and benefits and application of IAS and IFRS.
3. International differences in Financial Reporting with examples (National standards vs International standards).
4. Impact of Management Accounting information for the business and their changes in business environment.
5. Recommendations and justification for improving financial reporting and performance and overcome key issues related to Management Accounting.

Word Count: 1500

Learning Outcomes and Assessment Criteria

Learning Outcomes	Pass	Merit	Distinction
1. Understand the purpose and basis for financial reporting and management accounting	1.1 Discuss the purpose and importance of regulatory frameworks for organisational financial reporting 1.2 Review the purpose of management accounting information to maximise organisation performance	1M1 Discuss the impact of the regulatory framework on the organisation's financial performance 1M2 Explore the role of management accounting information in supporting management decision making and meeting stakeholders' expectations	1D1 Justify the importance of management accounting information in achieving competitive benchmark and exceeding stakeholders' expectations

Tutorial Support

Apart from regular lectures, you are encouraged to meet your tutor to discuss your progress in the preparation weekly. One meeting note is to be submitted to the Exams Department for each submission.

Plagiarism

Plagiarism is treated as a serious academic offence. Any act of plagiarism will be dealt with in terms of BMS regulations. Plagiarism is presenting someone's work as your own. It includes copying information directly from the web or books without referencing or paraphrasing the material, submitting joint coursework as an individual effort and copying another student's coursework.
