HAYLEYS PLC: BUILDING INCLUSIVE WORKFORCES FOR SUSTAINABLE GROWTH

Hayleys PLC is one of Sri Lanka's largest diversified multinational conglomerates, operating across 14 industry sectors including agriculture, manufacturing, transportation and logistics, textiles, renewable energy, consumer products, and services. The company considers its employees a strategic asset and integrates Human Resource Management (HRM) with its sustainability strategy to create long-term value for employees, customers, communities, and shareholders. Hayleys adopts an equal opportunity recruitment policy to attract a diverse workforce regardless of gender, race, disability, or sexual orientation. During the financial year 2024/25, women represented 35% of the total workforce, reflecting the organisation's commitment to improving gender diversity. To strengthen an inclusive culture, over 4,500 employees received Diversity, Equity and Inclusion (DEI) training, ensuring inclusive behaviours are embedded throughout the organisation.

Hayleys invests heavily in employee capability development to build a future-ready workforce. The company offers structured learning programmes, sector-specific technical training, leadership development initiatives, and the "FYOUTURE CEO" Management Trainee Programme to develop future leaders. Employees received an average of 11.43 training hours during the reporting year, demonstrating Hayleys' commitment to continuous learning and career progression. Performance at Hayleys is managed through a structured Management by Objectives (MBO) approach, where employees and managers jointly establish performance goals aligned with organisational objectives. Employee performance is evaluated against agreed performance indicators to improve accountability and organisational effectiveness. Recognising that employee well-being influences organisational performance, Hayleys also promotes physical, mental, and emotional wellness through counselling services, mental health awareness programmes, stress management initiatives, and work-life balance practices. In addition, the company invested approximately Rs. 55.86 billion in employee remuneration and benefits, reinforcing its commitment to attracting, motivating, and retaining talent.

Hayleys integrates sustainability into its people management practices by promoting inclusive employment, employee well-being, continuous learning, leadership development, and fair performance management. These initiatives contribute to Sustainable Development Goal (SDG) 5 – Gender Equality, SDG 8 – Decent Work and Economic Growth, and SDG 10 – Reduced Inequalities. By investing in people while fostering diversity, inclusion, and organisational resilience, Hayleys demonstrates how strategic HRM supports sustainable business growth and long-term competitive advantage.

Learning Outcomes and Assessment Criteria

Learning Outcomes	Pass	Merit	Distinction
1. Understand the scope, functions and processes of Human Resource Management in improving organisational and employee performance	1.1 Explain the purpose, scope, functions and processes within HRM 1.2 Appraise key elements of HRM and the contribution it makes to organisational and individual performance	1M1 Discuss a range of HRM elements that contribute to the achievement of organisational objectives	1D1 Appraise an extensive range of HRM elements and processes, justifying how it supports sustainable organisational performance
